Cotton Quiet and Easter-Flour Dull-Wheat Firmer-Corn Firmer-Oats Lower-Pork Unchanged-Lard Easier-Groceries Dull and Unchanged-Petroleum Firmer-Naval Stores Firmer-Whiskey Steady.

WEDNESDAY, Feb. 4-6 P. M. There was but a moderate movement in mer-chandise to-day, the markets generally being quiet at unchanged figures. There were a few exceptions, but they were without especial signifi-cance. On 'Change flour was the turn steadier. Wheat was firmer for prime full loads, but dull and heavy for the commoner sorts. Corn was strong, but the sales were moderate. Oats were dull and lower for all kinds. Whiskey was steady at unchanged prices. Provisions were exceedingly quiet and prices favored the buyers. Pork was without movement. Lard was quiet and easier. Freights were quiet and weak. Groceries were dull and weak, but prices were not quotably lower. Petroleum was firmer, and quiet in consequence. Naval stores were in demand and firmer, both for spirits and rosin. Cotton was dull and easier, both for spot and

Corror on the spot was neglected and values were generally nominal, with some sales reported at lower figures. The market for future deliveries was dull and easier, the transactions showing a decline of 1-16c, the market closing with a continued downward tendency. We quote:— Ordinary....

## A NEW AMERICAN STEAMSHIP.

### Description of the Columbus, of W P. Clyde & Co.'s Havana Steamship

Line. The Columbus, Captain Reed, the latest addition to the steamships of W. P. Clyde & Co., of this city, arrived yesterday afternoon at pier 13 North River, from Philadelphia, where she was built. She is a brig-rigged from steamship, 290 feet long. 34 feet broad and 23 feet deep. Her measurement is 2,400 tons, with a cargo capacity of 1,800 tons. She has compound engines of 1,000 horse power, and four large boilers, intended to carry sixty pounds of steam. She is built in five water-tigut compart

four large boilers, intended to carry sixty pounds of steam. She is built in live water-tigat compartments, and has accommodations for about eighty first class passengers.

There are two spacious saloons, superbly fitted up and finished in French wainut, Spanish cedar, satin and magnotia woods and ornamented with line carvings and ghding. The staterooms are fitted for a tropical climate, well lighted, large and airy, with uphoistery of red velvet and finished in black wainut and ash, and both cabins are furnished with velvet carpets and velvet upnoistery, special attention being given to the comfort of ladies. A large bathroom and tollet room, elegantily finished in wainut, are among the conveniences of the saip. The pantry is intenshed in the modern hotel style, with steam tables, &c. The dining saloon is forward of the engines and boilers, so that it will be quite free from the disagreeable smell of oil.

There is a large promenade deck 170 feet long and casy of access, over which awnings will be spread in the tropics, so that the passengers will always be able to enjoy a cool sisets. There are six metallic liteboats on this deck, with a most complete equipment of life-saving apparatus. All cargoes will be loaded and discharged by steam, and anchors and sails will also be handled by this marvelously rapid agency. Captain Reed, who showed the Harallo reporter through the steamer yesterday afternoon, stated that the Columbus cost \$250,000, and was intended for the Havana trade. She will start on her first trip on Tuesday next. The appointments are on a scale of magnificence scarcely surpassed by the most handsome occan steamer, and this new andition to W. P. Ciye & Co.'s Havana Steamship line certainly reflects credit upon American satipabuiding. The Columbus arrived at three o'clock yesterday afternoon at the pier, but owing to the huge mass of ice which blocked up the approach it was past four when she was made last.

## CORONERS' CASES.

Singular Accident-A Man Killed in Pearl Street.

On Friday of last week Michael Fanning, then living at No. 27 Rooseveit street, was driving a horse attached to a coal cart up Pearl street, nearly opposite Franklin square, and across the box of the cart was a scale frame, the ends of which projected over from each side of the cart. Being in the rail track, Fanning, in reining out to make room for car 83, of the Second Avenue line, in its down trip, came in collision with the car, two or three windows of which were broken out by the scale frame coming in contact with them. The trame was swept oif, and with it Fanning, who fell before the wheel of his own cart, which passed over his neck or lead. The injured man was taken to the Oak street police station and attacked by surrous Powell who seamed to think was taken to the Oak street police station and attended by Surgeon Powell, who seemed to think news suffering only from shock. Fanning was subsequently removed to his home and Dr. Frederick called, who found the patient evidently suffering from concussion or compression of the brain, and death ensued the same night.

Coroner Croker yesterday commenced an investigation into the circumstances of the case, and, after taking considerable testimony, owing to the absence of material witnesses, adjourned it till Saturday next.

### Suicide of an Insane Woman. At intervals for some menths past Mrs. Char-

lotte Neues, a German woman, thirty-four years of age, who lived with her husband and two children at No. 1 Morris street, has exhibited symptoms of aberration of mind, and in August last Dr. mended her removal to the asylum. Her friends, however, took her to the country, and upon her returning later in the season ner mind seemed much more composed. At no time did Mrs. Neues evince any disposition to harm herself, but on Tuesday she procured a quantity or Paris green without the knowledge of any of the family and quietly swallowed the poison, soon after which the fact became known, the doctor was called and efforts made to neutralize the effect, but without avail; and death ensued about two o'clock yester-day morning.

The deceased had been subject to fits of meiancholy, owing to losses in business by her husband, who is a tailor by trade, and that is supposed to have been the cause which prompted her to terminate her existence, which had become intolerable to her. Coroner Woltman will hold an inquest over the remains. however, took her to the country, and upon her

Peter Smith, a man sixty years of age, who resided at No. 18 East 128th street, died yesterday morning from injuries to the head and other parts of the system, caused by a fall on the sidewalk on Tuesday atternoon. Coroner Kessler will hold an

## CRIME IN WESTCHESTER.

Indictment of the "Masked Burgiars"-The Smallpox Scare Blocking the

Wheels of Justice.
The Grand Jury empanelled at the County Court and Court of Sessions in White Plains, Westchester county, yesterday, promptly indicted "Dan" Kelly, "Larry" Griffin, John Burns and "Patsey". Conroy, the notorious "masked robbers," for burglary in the first degree and grand larceny. The day of trial has been set down for the 17th inst, until which time the Court will to-day adjourn, as on account of a general belief that the smallpox still exists in the county jail it has been found impossible to induce witnesses to appear, thus completely blocking the judicial machinery.

It is but just to state that the apprehensions in regard to smallpox in the jail are now totally groundless, as the malady has wholly disappeared from among the prisoners for some days past. In confirmation of this the following certificate was issued yesterday at White Plains:—

Thereby certify that I have made this day a thorough investigation and examination of the jail and its inmates, and that I find no evidence of disease in any stage, and that the entire building is in a state of perfect cleaniness, thoroughly disinfected, and that there is no existing danger nor cause of apprehension of contagion from the pre-existing disease.
